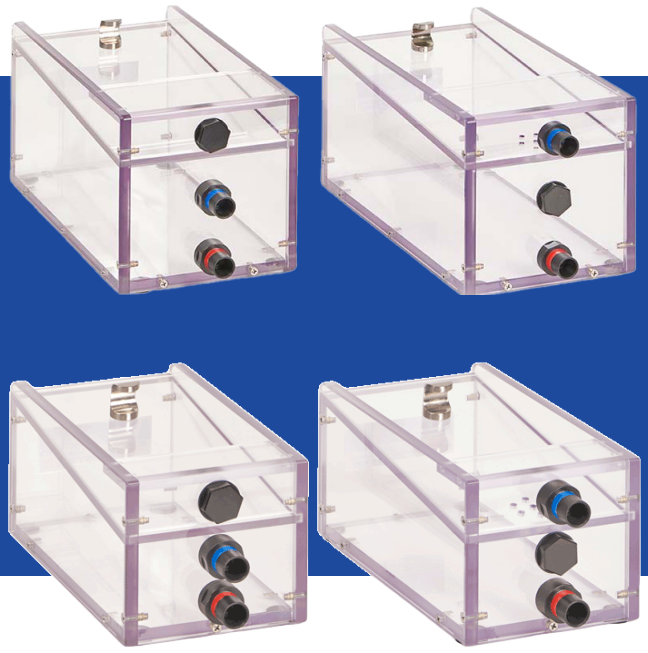
Induction Chambers
Active Vacuum and Passive Styles

The SOMNI line of induction chambers are designed with slide top lids that allow for one handed operation. Unlike a “hinge lid” the slide top keeps gases from being “drawn” into the workplace when the chamber is opened.



▶ SPECIFICATIONS

ACTIVE LARGE: 11.5 in L 6 in W 6 in H

PASSIVE SMALL: 4.25 in L 4.25 in W 4.25 in H

PASSIVE MEDIUM: 9.25 in L 5.25 in W 5.25 in H

PASSIVE LARGE: 11.5 in L 6 in W 6 in H

QUALITY:

- Constructed of durable, shatter resistant polycarbonate.
- Can be safely cleaned with common clinical disinfectants.
